GOVERNMENT MESSAGES ON

COVID-19 VACCINE

- Government will ensure that the vaccine is accurately distributed to provincial governments and the private sector.
- Working closely with South African Health Products Regulatory Authority, government will ensure that there is no delay approving the vaccine for use.
- The vaccine will be procured within government's fiscus.
- The rollout of the vaccine will take a three-phase approach that begins with the most vulnerable in our population.
- Vaccines do not give you the virus, rather it teaches your immune system to recognise and fight the infection.
- Vaccines are made to save lives not to oppress, possess or indoctrinate people.
