Let's grow South Africa together

GOVERNMENT MESSAGES ON:

Operation Vulindlela

- Through Operation Vulindlela, government will facilitate the implementation of structural reforms, which are also at the core of the Economic Reconstruction and Recovery Plan (ERRP).
- Operation Vulindlela prioritises reforms in the network industries of electricity, digital communications, water and freight transport, and due to their great potential effect on economic growth.
- The role of Operation Vulindlela is to identify and resolve the various causes of delays in the implementation of all these reforms.
- The government is working with its social partners in Nedlac to ensure the ERRP's successful implementation.
